

International Marching League

The I.M.L was founded in 1987 in Tokyo, Japan.

Its aim is to encourage friendship between people of the world by organising international, non-competitive walking events.

The I.M.L. has 26 member countries including France which was accepted in March 2004. The last city to become a member is San Antonio from the USA, which was approved at the AGM held in Belgium in 2019.

The I.M.L has set up a system of individual rewards which takes into account the number of events completed by a person in the various member countries of I.M.L.
